Prime Line

Prime Line Distributors was founded in 1981 in South Florida by Mr. Gianni Landi, an immigrant from Italy with more than 50 years of experience in the specialty food industry. Mr. Landi brought with him the rich culinary traditions and food culture of the Old World. His philosophy has always been that cooking is an art, and appreciating the quality and distinction of authentic foods is essential.

From the very beginning, Prime Line has been a pioneer in imported specialty foods in Florida. The company was among the first to introduce unique products to the market such as artisanal imported cheeses, fine cured meats and charcuterie, extra virgin olive oils, aged vinegars, imported pastas, truffles, wild mushrooms, San Marzano tomatoes, specialty rice, premium flours, ancient grains, Italian espresso, and many other exceptional products. In addition to these imports, we proudly represent a number of outstanding artisanal American producers whose products have become staples of the new American cuisine.

Our sourcing philosophy is simple: we travel extensively through distinct regions of Italy, France, Spain, and the United States in search of authentic and exceptional products. Each item is carefully selected and evaluated before becoming part of our portfolio. We maintain close partnerships with our producers, many of whom share our same dedication to craftsmanship, authenticity, and uncompromising quality.

Prime Line delivers daily through its own fleet of refrigerated trucks, serving customers from our divisions located in New York City, South and Central Florida, Las Vegas, and Los Angeles. We also ship nationwide and export to the Caribbean and Latin America. Today, our catalog features more than 3,500 products, including many items imported exclusively by our company.

More than four decades later, Prime Line remains a family-owned and operated business led by the Landi family and a senior management team with extensive experience in the specialty food industry. Our mission is to maintain close relationships with our customers while providing the finest and freshest ingredients available.

We proudly serve some of the finest restaurants, award-winning chefs, five-star hotels, gourmet markets, cafés, and luxury cruise lines.

We invite you to experience our commitment to quality, tradition, and exceptional service.

We look forward to welcoming you as a valued customer.

Sincerely,

The Prime Line Family

Mambelli

The story of the Caseificio begins in the countryside of Bertinoro. Here Nonna Elsa used to make ricotta with her cows' milk. In front of the fireplace, her skilled hands took a special ricotta cheese out of the copper pot, enriched with thermal water from the Fonti della Fratta hot springs: the Ricotta di Romagna Mambelli. The special taste of our Ricotta and the opportunity to have a bigger amount of milk enabled her to make ricotta cheese for other people too: Nonna Elsa used to take her precious product with a bicycle to the Cesena market.

BORGO VIGNOLA
Estate Extra Virgin Olive Oil from Chianti 500 ml.

OI159

Superior category olive oil obtained directly from olives and solely by mechanical means.

Overlooking the historic abbey of **Badia a Passignano, Borgo Vignola** is a private Tuscan estate located in the town of **Barberino Tavernelle** nestled in the heart of **Chianti**.

This superior extra virgin olive oil is crafted in limited quantity from just 1,000 estate-owned olive trees, harvested by hand and cold-pressed exclusively by mechanical means to preserve purity and aromatic complexity.

A classic Tuscan blend of Frantoio, Moraiolo, and Leccino olives, this oil is elegant yet expressive, distinguished by a refined buttery sweetness, notes of raw almond and fresh grass, and a lingering peppery finish - an authentic reflection of Chianti's terroir and a true expression of Tuscan excellence.

The Extra Virgin Olive Oil Toscano IGP

Tenuta Bartolina by Marchesi Antinori, was born from the conviction that Tuscany is an area highly suited for the production of wine as much as for the production of olive oil of the highest quality. This is how Tenuta Bartolina oil was born, a new reality in the hills of the Tuscan Maremma, exclusively dedicated to olive oil production. This Toscano IGP is an intensely fruity olive oil intended for the most refined palates, able to appreciate all its nuances of aromas and flavours. A real "Super Tuscan" Extra virgin.

CASA MARRAZZO 1934

SAN MARZANO SANTI TUTTI

For us, who live in a land of "Saints and Artisans", the San Marzano tomato could be just a saint, who sanctifies your palates and your tables with its unique taste. It is no coincidence that summer is a holiday for us. In the air there is joy and contentment for the harvest of the Tomato King and for his conservation.

GALVANINA®

Galvanina has an ancient and fascinating history. Situated on the slopes of Paradise Hill, where ancient Roman baths once stood, Galvanina takes its name from the eponymous mineral water spring. It is here that a centuries-long journey began through the territory of Rimini.
Today Galvanina is present in over 50 countries in the world with its certified quality products: organic drinks, cold teas, mineral waters, sparkling drinks and mixers.

KIMBO®
il Caffè di Napoli

Was born in the city
where the
espresso coffee
is a cult

NAPOLI

In Italy if you ask for the capital of good coffee the answer will be Napoli.
It´s Where coffee roasting is a timeless tradition and it´s the home of Kimbo! That´s why Kimbo´s master roasters know just the perfect roasting point to enhance the real essence of coffee bringing you all its intense aromas. Enjoy the authentic taste of Napoli, where Coffee is a passion

the **THREE** TALENTS of KIMBO

SELECTION
Kimbo chooses the best origins from all the coffee regions around the World. Excellent red coffee berries are picked with their precious green beans inside.

BLENDING
Each batch of coffee is selected according to its sensory profile. Kimbo experts create the blend: different origins mixed together to balance flavors and aroma and get the perfect cup of coffee.

ROASTING
Roasting is the final touch of the Neapolitan expertise: Kimbo master-roasters hand down this innate tradition. Coffee beans are carefully dried, roasted and cooled. In this phase the coffee gets its typical aroma and flavor you can find in every cup of Kimbo coffee.

The quality of our product is the result of the careful selection of raw materials, artful blending and fine roasting, Thanks to its wide range of products, Kimbo is able to offer a unique sensorial experience to every single consumer,

The Kimbo Story begins over 50 years ago. When three brothers started roasting coffee in their father´s bakery in Naples. In a city where practically everyone cultivates and hands down the art of coffee, the talent and intuition of some stand out. This is the case of Francesco, Gerardo, and Elio Rubino who founded the company
